PROJECTS

Lakbai | Metro Cebu Commuter Guide
- A full-stack Metro Cebu commuter guide built with Node.js, PostgreSQL/ Supabase, and Leaflet.js to map jeepney routes.

Aria's Fleur | E-commerce Platform
- Developed a complete e-commerce solution with an integrated admin dashboard using Node.js and PostgreSQL to manage handmade product inventory and sales.

Business Estimation System | CPQ Application
- Architected a specialized Configure, Price, Quote (CPQ) mobile app for contractors using Kotlin and Firebase to automate real-time glass and aluminum cost estimations.

SHIFT | Premium Automotive Showcase
- Designed and deployed a high-end automotive gallery with custom branding to showcase performance vehicles through a luxury-focused UI.

Marketado Cebu | Social Media Marketing Agency
- Executed the full brand identity and web presence for a digital agency, delivering cohesive logo design and marketing-optimized user interfaces.

HEXOGRAM | Brand Identity & Web Design
- Spearheaded the end-to-end visual branding and frontend development for HEXOGRAM, focusing on modern aesthetics and professional logo systems.

Cebu Real Estate Marketing Co. | Static Web & Branding
- Designed a professional static web presence and visual identity system tailored for the Cebu property market to establish brand authority.

PulseBoost Digital | Agency Landing Page
- Developed a high-performance static landing page and cohesive brand identity for a digital marketing firm, focusing on sleek UI/UX design.

CERTIFICATION
